1 Policy Statement

1.1 This policy outlines the College’s commitment to provide a safe and supportive learning environment for students with unpaid caring responsibilities and to enable them to successfully complete their course and undergo a worthwhile experience throughout their student journey.

2 Definitions

2.1 The College has adopted the Carers Trust Scotland definition of a carer which is ‘anyone who cares, unpaid, for a family member or friend who due to illness, disability, frailty, a mental health problem or an addiction cannot cope without their support.

3 Purpose

3.1 This policy provides information and guidance to staff and students on the support available to student carers. It is part of a University wide policy; this will ensure there is a unified response to the support needs of student carers across the University and its academic partners therefore ensuring equity of experience no matter where a student is located.

3.2 This policy covers both prospective and currently enrolled students.

4 Scope

4.1 This is a tertiary policy and covers all students currently enrolled at the College.

4.2 Confirmation of student carer status is the responsibility of the student. This can be done in a variety of ways:

- During admissions process
- At interview
- Via the disclosure box on the enrolment form
- To the Personal Academic Tutor (PAT)
- Or, to any other staff member during the student journey. Staff can refer students, with their consent, to the local Student Services team via the manual referral button on UHI Records.

4.3 Upon disclosure of being a carer, evidence is required and can come in many different forms. Some examples of acceptable proof include but are not limited to:

- Self-certification, in the form of a short statement, regarding the nature of caring duties and the impact these may have on studies. This can be verbal or written
- A GP letter confirming status
- A local authority’s Carer’s Assessment, Adult Carer Support Plan or Young Carers Statement
• Other relevant documentation such as a letter from a Carer’s organisation, social worker, carer group or receipt from benefits.

4.4 Generally, self-certification will be the most common method used however the College can, at any point, request further information or evidence to confirm carer status or any changes to the student caring responsibilities.

5 Exceptions

5.1 This policy does not cover:
• Students with parental responsibilities (unless for a child with a disability)
• Those employed in a caring capacity

6 Notification

6.1 All staff have the potential to encounter students who are unpaid carers and should be aware of this policy.

6.2 This policy will be highlighted to Senior Management, Student Support Staff and all other members of staff via relevant committees and staff newsletters. Students will be informed via the appropriate communication channels.

6.3 The policy will be publicly available on the College’s website, along with other current policies.

7 Roles and Responsibilities

7.1 It is the responsibility of all College staff to comply with the policy.

7.2 Students who disclose their carer status will be offered the opportunity to discuss their support requirements with the local student support team which may lead to the development of a support plan detailing the reasonable adjustments which are required.

7.3 Examples of the reasonable adjustments which may be put in place for student carers include, but are not limited to:
• Authorised absence
• Assessment/essay extensions
• Timekeeping and timetable adjustments
• Access to part-time study
• Priority access to discretionary funding (formal evidence may be required of carer status)

7.4 Students can request a meeting with their local Student Services team at any point during their studies, however, a review of their support plan is generally done once a year, unless there are any considerable changes in their caring responsibilities. Students are encouraged to advise their local student services team as soon as possible of any changes which may impact their studies.
7.5 Student Support staff will signpost to additional support available from external agencies, as required. This may include agencies such as Connecting Carers, Cross Roads or Connecting Young Carers, but will depend upon the geographical location.

7.6 The College will make every effort to accommodate the support needs of student carers however any flexibility must not impact on the student’s ability to meet the necessary academic outcomes. All requests for reasonable adjustments will be carefully considered before being approved. If any request is rejected, the student will be made aware, either verbally or in writing, the reason for this and guidance on what alternative arrangements can be made.

8 Legislative Framework

8.1 The below legislative is relevant to this policy:

- The Equality Act (2010)
- Carers (Scotland) Act (2016)
- General Data Protection Regulation (GDPR) (2018)

8.2 The policy should also be understood in conjunction with other policies and documentation such as:

- Learner Support policy
- Admissions Policy
- Information Security Policy
- Equality, Diversity and Inclusiveness Policy
- Student Carers Action Plan

9 Related Policies, Procedures, Guidelines and Other Resources

- Admissions Policy (Higher Education) – an applicant with caring responsibilities is recognised within the University’s Admissions Policy. Applicants can highlight they are a carer within their personal statement or at any point during their student journey.

- Student Carers Online Staff Module – Held within the University’s BrightSpace platform, key Student Support and student facing staff are encouraged to complete this module.
